The following table shows the current status of incorporating the Visual Studio Development Environment changes. The table shows status by integration status by phase. The following status are shown for each module and phase:

- Waiting Completion of Review

  A patch has been submitted for maintainer review and comment and is waiting for maintainer review and comment. The entry lists the issue number of the associated patch.

- Partial Review Complete

  A patch has been submitted for maintainer review and comment and has been updated to address maintainer review and comment. The entry lists the issue number of the associated patch.

- Pending Review of Previous Phase

  A patch is pending but has not been submitted for maintainer review and comment pending completion of an earlier phase for this module or a different module.

- Changes Merged

  The patch for this module and phase has been reviewed and merged into ns-3-dev

ns-3-dev Microsoft Visual Studio Development Environment Status

Revision: Rev 3 on 2018-04-12
